

Sri Lanka Army – Information Technology Division

Acceptable Use Policy (AUP)

Policy ID: SLA-IT-AUP-001 Version: 1.0 Effective Date: 01 October 2025

Last Reviewed: 01 October 2025 Approved By: Director – Army IT Department

1. Purpose

This Acceptable Use Policy (AUP) establishes the rules for using Sri Lanka Army IT resources. The primary objective is to safeguard critical information assets, ensure operational security, and maintain compliance with organizational and national standards. All users of Army IT resources must understand that their activities directly impact the confidentiality, integrity, and availability of systems vital to national defense.

2. Scope

This policy applies to all individuals who are granted access to Army IT resources, including but not limited to:

- All military and civilian personnel using Army IT systems.
- Contractors, consultants, and third parties with authorized access.
- Devices connected to Army networks, whether Army-owned or personal (BYOD, if permitted).

3. Policy Statements

3.1 Authorized Use

Army IT resources are to be used exclusively for official Army purposes. Any personal or unauthorized use, including entertainment or political activities, is strictly prohibited.

3.2 Prohibited Activities

Users are expressly forbidden from engaging in the following activities:

- Accessing personal email or social media accounts on Army-issued devices.
- Downloading, installing, or using unauthorized software or applications.
- Using IT resources for personal financial gain or other non-military purposes.
- Introducing malware, engaging in hacking, or attempting to bypass security controls.

3.3 Security Requirements

- Users must maintain strong passwords in accordance with the Army's Password Policy.
- Sharing login credentials is strictly forbidden.
- Sensitive or classified data must not be transferred to personal devices, unauthorized cloud services, or external drives.
- All devices must be locked when unattended.

3.4 Monitoring & Privacy

Users should have no expectation of privacy when using Army IT systems. All activities, including internet browsing, email communications, and file access, may be monitored and logged by the Army IT Division for compliance and security purposes.

3.5 Consequences of Violation

Violations of this policy will be taken seriously and may result in disciplinary measures including, but not limited to:

- Suspension or revocation of IT access privileges.
- Administrative or legal action in accordance with Army regulations.
- Referral to military tribunals in severe cases of misconduct.

4. Responsibilities

- **Users:** Comply with the AUP at all times.
- **Supervisors:** Ensure that subordinates understand and follow the AUP.
- **Army IT Department:** Monitor compliance, investigate violations, and update the policy as necessary.

5. Acknowledgement

All users must digitally acknowledge this policy in the Sentinel Application before access is granted. Acknowledgement serves as confirmation that the user has read, understood, and agrees to comply with all provisions of this Acceptable Use Policy.
