

Device, Incident Response & VPN Policy

Device Security

- All endpoints must have antivirus and firewall enabled
- USB ports disabled unless explicitly approved
- Mobile devices must have PIN/biometric lock
- Lost or stolen devices must be reported within 24 hours

Incident Response

- All security incidents must be reported within 2 hours
- Incident Response Team will investigate and escalate
- Employees must cooperate with investigations

Remote Access

- Remote access allowed only via Army-approved VPN
- No connecting to public Wi-Fi without VPN
- Idle sessions must auto-logout after 10 minutes

Acknowledgement

- Employees must acknowledge new/updated policies in the Sentinel app
- Non-acknowledgment may result in restricted system access

Device, Incident Response & VPN Policy (continued)

Device Security

- All endpoints must have antivirus and firewall enabled - This requirement is critical to maintaining military-grade security standards and compliance.
- USB ports disabled unless explicitly approved - This requirement is critical to maintaining military-grade security standards and compliance.
- Mobile devices must have PIN/biometric lock - This requirement is critical to maintaining military-grade security standards and compliance.
- Lost or stolen devices must be reported within 24 hours - This requirement is critical to maintaining military-grade security standards and compliance.

Incident Response

- All security incidents must be reported within 2 hours - This requirement is critical to maintaining military-grade security standards and compliance.
- Incident Response Team will investigate and escalate - This requirement is critical to maintaining military-grade security standards and compliance.
- Employees must cooperate with investigations - This requirement is critical to maintaining military-grade security standards and compliance.

Remote Access

- Remote access allowed only via Army-approved VPN - This requirement is critical to maintaining military-grade security standards and compliance.
- No connecting to public Wi-Fi without VPN - This requirement is critical to maintaining military-grade security standards and compliance.
- Idle sessions must auto-logout after 10 minutes - This requirement is critical to maintaining military-grade security standards and compliance.

Acknowledgement

- Employees must acknowledge new/updated policies in the Sentinel app - This requirement is critical to maintaining military-grade security standards and compliance.
- Non-acknowledgment may result in restricted system access - This requirement is critical to maintaining military-grade security standards and compliance.
